SCHEDULE

Of the Basket Ball Season of the
Maysville High School Announced
—Will Play Thirteen Games.

The schedule of the basket ball season of the Maysville High School has been announced. This schedule provides for games until February 3 and it is probable that several others will be played later. Thirteen games have been provided for, all of which are with teams played last year. The authorities of the school are endeavoring to get games with other Central Kentucky towns, Mt. Sterling, Cynthiana and others.

The following is the schedule as announced:

November 29—Manchester at Maysville.

December 1—Carlisle at Maysville.

December 8—Maysville at Augusta.

December 15—Newport at Maysville.

December 22—Maysville at Manchester.

December 27—Maysville vs. Alumai.

January 5—Augusta at Maysville.

January 12—Maysville at Paris.

January 13—Maysville at Carlisle.

January 20—Paris at Maysville.

January 26—Fort Thomas at Maysville.

February 2—Maysville at Fort Thomas.

February 3—Maysville at Newport.

The team is now practicing steadily and a large number of men are out trying for the various positions. The team expects to excel the record made last year of thirteen won and three lost. Maysville's reputation as a basket ball town has always been very great and the coaches do not expect to let this reputation decline. Although the school has never been able to put forth a winning football team it has always led in basket ball.

A girls team will probably be organized later in the year. The girls last year did not win as many as they lost, but this fact will not discourage them from trying this year.

There will be an important meeting of the Settlement Club Wednesday afternoon at 1:30 at the City Mission.

THIRTY DAYS

In Police Court yesterday morning Sidney Myers was sentenced to 30 days in jail for petit larceny. Myers is said to have stolen \$5 from a fellow boarder at the Teager Boarding House on Forest avenue. He claimed that he was drunk on the night of the disappearance of the money and that he was sure that he did not steal the money although he could not remember any thing he had done with any clearness. He said that he and the man that had lost the money were both drunk.

IT OPENS TOMORROW

Yesterday County Clerk J. J. Owens and his assistants issued 52 hunting licenses to as many nimrods who will rally forth tomorrow to try their hand at the big game of this section, such as rabbits. There has been a total of 250 licenses issued for this season and it is expected that there will be a total of 500 issued before the season is over.

PIANO TUNING

Mr. E. C. Shearer, Piano Tuner, of Cincinnati, will be here on his semi-annual trip, for one week only, beginning Monday, November 20th. Orders may be left with Miss Lida Berry of Central Hotel.

NOTICE

The annual election of officers of the Maysville Chamber of Commerce takes place in the Court room tonight at 7:30. All members requested to attend.

SHOTGUN EXPLODED

Mr. Ira Willett of near Mt. Gilthead had his arm badly burned a few days ago when an old muzzle loading shotgun exploded.

The condition of Miss Louise Douglas Rogers, whose illness has caused much anxiety among her legion of friends, is very much improved.

Mr. E. L. Manchester has purchased from Kirk & Kirk a dandy Saxon Six touring car.

NEXT DAY IT SNOWED

But the Big Parade Was a Great Success—One of the Largest Things of Its Kind Ever Pulled in Maysville.

The big parade and Democratic jubilee last night was one of the biggest things of its kind ever pulled off in the City of Maysville. There were several hundred persons in the parade and it took 45 minutes to pass any point.

The people began coming into Maysville about 6 o'clock and within the space of an hour the streets were filled with those attracted by the big rally. The crowd was a very orderly and although red fire was plentiful, no riotousness was in evidence. Although a great number of persons took part in the parade, still the sidewalks were blocked with those wishing to see the demonstration.

The parade formed at the corner of Third and Wall streets. It was delayed for some time by the tardiness of the Germantown Band. As soon as the band arrived however the parade began to move as it had already been formed. The parade passed up Third to Market, down Market to Second, down Second to Sutton, down Sutton to Front, where the parade stopped to salute the State of Ohio for going Democratic, then up Market to Third, then up Third to Bridge, then up Bridge and Second to Union, where it crossed to Forest avenue and later across Commerce to Second, then returning to the corner of Second and Court where it disbanded. A large number of the merry-makers dropped out when the parade started for the East End but those remaining snowed that the event was certainly a big one.

Maysville's Police Force was first in the line of march of the parade. Mr. Calvert Early, marshal of the parade, and his aides, followed next. The county and several of the city officials were next in the line, seated in open carriages. The Maysville Bluegrass Concert Band came along playing some lively tunes. The marchers then held away for the next portion of the parade the Olinas leading. The marchers were divided by the Ewing Band. Following the marchers was the Germantown Band. A long auto parade and the Augusta band completed the procession.

Many and varied were costumes worn by the marchers. Nearly every auto in the parade was decorated as much as possible and most of them had banners across the back of the machines. All of the banners were very appropriate one of which reminded us that Woodrow Wilson's Wobbly Ways Won. (It wasn't that, gentle reader. It was because there were more people voted Democratic than there were Republicans.)

Taken in all the parade was a great success and was a great credit to the committee in charge of the arrangements. They only had a very few days in which to make arrangements for the event but notwithstanding this they put their arrangements across in great style.

SUICIDE

Negro Man From Flemingsburg Is Thought to Have Drowned Himself Here Last Night—Was Cripple Man.

Somewhat of a mystery is confronting the local police force this morning. A man from Flemingsburg is thought to have drowned himself from the ferry boat last night.

Late yesterday afternoon the authorities received a message from the Flemingsburg officials, asking them to be on the lookout for Lee Runyon, colored, who had left that city with the intention of coming to Maysville to commit suicide. The police kept on the lookout for the man but saw nothing of him.

Early this morning a crutch, a cane and a hat were found on the ferry boat. The supposition is that the negro man drowned himself last night as he was described as a cripple man. The crutch, cane and coat were taken to the police headquarters where they will be held until they can be identified as belonging to the man. The man may have left these things on the boat as a blind but in all probabilities he drowned himself.

Mr. Frank Limerick is again at his post on the street car as motorman. Mr. Limerick had his shoulder wrenched five weeks ago in an accident and his legion of friends are glad he is well, while the timely public rejoice because he is polite, capable and true in service.

The many friends of Mr. Tom Ball will be greatly surprised when they hear of his marriage which took place some two weeks ago in Covington, Ky., to Miss Kathryn Rice of that city. Mr. Ball was an employee of the L. & N. Railroad and made this city his home for the past four years.

FUNERAL HELD THIS MORNING

The funeral of Mrs. Sarah Power was held from the late home on East Third street this morning at 10:30 o'clock. A large number of friends were present at the service. Burial was made in the Maysville Cemetery.

MEETING CALLED OFF

The special series of meetings which were to have begun in Stewart's Chapel on Hull Creek last night have been called off. They will probably be held later in the year.

OFFICERS

Of the Maysville Chamber of Commerce Will Be Elected in the Offices of the Organization in the First Standard Bank Bank Tonight at 7:30 O'clock.

The annual election of officers of the Maysville Chamber of Commerce will be held in the Court room tonight at 7:30 o'clock. This promises to be a big meeting and although this election does not expect to come up to the one just past in prominence, yet there will be a spirited contest for the various offices.

The nominating committee, composed of five members appointed by the secretary and five appointed by the president of the club, has nominated the following gentlemen for the various positions:

For President — Horace J. Cochran, John C. Everett.

For Vice President — Stanley F. Reed, James H. Hall.

For Treasurer — H. C. Sharp, Clarence L. Wood.

Director, Department of Organization Affairs—Thomas H. Grey, W. Hall Strode.

Director, Department of Retail Business Affairs—A. L. Merz, C. E. Dietrich.

Director, Department Industrial Affairs — Sudduth Calhoun, Andrew Cloney.

Director, Department Agricultural Affairs—Thomas I. Ewan, J. T. Burwell.

Director, Department of Civic Affairs—O. L. Bartlett, James Purdon.

Nominations will be opened from the floor however, and it is expected that several more will be added to the above list. A full results of the election will be announced in tomorrow's Ledger.

Perfect Fitting Munsing Wear Union Suits

FIT—perfect fit—do you know what it means in underwear—especially union suits? We believe that Munsingwear union suits will give you a new idea of underwear fit. The way they cover the form—without gaping at the seat—the manner in which they give and take with every twist of the body and every contraction of the muscles—without binding at the crotch—has been a surprise and delight to millions. And the beauty of Munsingwear fit is it doesn't wash out. The comfort of Munsingwear fit is further increased by softness of the elastic Munsingwear yarns, smooth seams, perfect crotch and perfectly balanced gore in the seat.

The prices of Munsingwear garments are very moderate for such fine quality. The range of fabrics, styles and weights is very wide.

There is a correct fitting Munsingwear garment for you in any style, weight or fabric desired. Ask us to show you.

GRABBING AMERICAN MARKETS

Official figures show that while American producers are enjoying a trade with Europe which they cannot hope to hold after the war is over, South American and Asiatic countries are getting a stronger hold on our markets and will be able to hold much of it unless we enact an adequate protective tariff law.

Chile increased her hold on the American market 110 per cent during the first nine months of the current year, compared with a similar period of 1915, or from \$30,000,000 to \$63,000,000. Her favorable balance of trade against us grew from \$18,000,000 for the 1915 period to \$40,000,000 for the 1916 period. That is going some! During the first nine months of 1913, under the Republican tariff law, the balance of trade against us in our trade with Chile was \$12,000,000. We buy all our nitrate from Chile.

It is a favorite diversion of Dr. E. Ewing Pratt, of the Bureau of Foreign and Domestic Commerce, to brag about our increased trade with certain South American countries and to attribute it to the Department of Commerce. He tells the public, for instance, that our trade with Chile during the first nine months of 1916 amounted to \$86,000,000, while it was only \$36,000,000 in 1913. Consequently the Department is to be complimented, and Republican policies are all humbug.

But Doctor Pratt is another Democrat who hides the shells. A farmer going to town with a load of farm products worth \$100, selling them, and returning home with \$50 worth of store goods, doesn't give much consideration to the fact that he did \$150 worth of business during the day. He figures that he received \$100 for the products of his toil, bought \$50 worth of the products of other men's toil and staked \$50 in the bank, or stuck it under the mattress. That is what we should all figure on in our trade with foreign nations. The records show that our business with South America has developed rapidly, but the Latin Republics are getting bigger and bigger trade balances against us, and will continue to do so until we return to the policy of protection.

China chalked up a record nine months in her sales to us from January to September of this year, aggregating \$63,000,000, or \$25,000,000 greater than for the same period in 1915, and \$33,000,000 greater than for the first nine months of 1913, under the Republican tariff law. John Chinaman also increased his favorable trade balance from \$23,000,000 to \$41,000,000. No wonder Chinese laundrymen want the present tariff law to continue. The plan to go home and make some real money out of us. China is buying most of her cotton goods from Japan, while she increases her hold on the American market.

During the first nine months of 1916 Japan raked down \$131,000,000 of good American money in her sale of goods to us, compared with \$74,000,000 for the same period the year before, or an increase of 77 per cent. Her favorable balance of trade increased from \$44,000,000 to \$60,000,000. In addition to that Japan brought her goods here

in her own ships, while Uncle Sam pulled the seamen's law out of his inside pocket and read again the reason why American ships are no longer on the Pacific Ocean. The Seamen's law and the Underwood law have proved to be a pretty pair of brooms to sweep American commerce from the Pacific Ocean. And the harm they have done will not be compensated for in 25 years of same Government. The Underwood law came at a time when the United States was enjoying a clear prosperity, and that prosperity was taken away. The seamen's law was enacted at a time when this country had an opportunity to catch a large share of the control of Pacific trade routes, and the law busted American seamanhood over the head with a marlin-spike. What a record of misfit legislation!

IS IT A PRECEDENT?

One of the boldest acts of President Wilson in the recent campaign was the establishment of what was designated as "Wilson Day," October 28th. This was the first time in American history when any living man has had a day set apart for national celebration in his honor. It is a general rule not only in this country but in other Republics that no public man shall be accorded such honors during his life time. No public monuments have ever been erected to living Presidents, and only one President has had a day set apart in his honor after his death. In monarchies it is the custom to observe the birthdays of the rulers as special days for national celebration. Perhaps the designation of "Wilson Day" may be the beginning of some movement in this country, but it is greatly to be doubted whether public opinion will support it.

NAME OF EMPEROR WILLIAM MAY BE BROUGHT IN CASE INVOLVING "MASTER SPY"

Washington, November 12.—Arrangements for the presentation of Kael Armgaard Graves, self-styled "Master Spy" and magazine writer, who was arrested here yesterday on a charge that he attempted to extort \$3,000 from Countess von Bernstorff, wife of the German Ambassador, will be completed tomorrow at a conference between agents of the Department of Justice, representatives of the District Attorney's office and Prince Patzfeldt, Counselor of the German Embassy.

The name of Emperor William of Germany may be brought into the case indirectly as a result of this conference. Diplomatic representative in a foreign country can not divert himself of his immunity from giving testimony without special permission from his sovereign. As Graves conversed solely with Prince Patzfeldt, it may be that the District Attorney's office will determine that his testimony is essential.

It is not expected that either Countess von Bernstorff or the German Ambassador will be requested to appear against Graves. The warrant was sworn out by A. Bruce Phelps, chief of the Bureau of Investigation of the Department of Justice, as the complaining witness.

The warrant is made out on two counts. One charges attempt to extort, penalty for which is five years' imprisonment or a fine of \$1,000 or both. The other charges that Graves brought into the District of Columbia letters obtained by theft, the penalty for this offense being nearly as severe as for the first one.

The letters for which Graves is alleged to have asked \$3,000 remained in the possession of agents of the Department of Justice today. The German Embassy is familiar with their contents and is understood to have agreed that they be kept by the prosecuting officials as evidence.

The German Embassy is most anxious to learn how Graves obtained the letters which he is alleged to have thought would "embarrass" Countess von Bernstorff if made public. It is considered unlikely, however, that information on this point can be obtained until the steamship Oscar II, upon which Graves declares they were brought to the United States, returns to New York.

Graves was in New York today. He left Washington late last night after his release on \$2,000 bail, saying he intended to secure counsel before returning for his preliminary hearing Wednesday morning.

GERMANS AROUSED OVER ALLEGED USE OF U. S. FLAG BY BRITISH

Berlin, November 12.—A deep impression had been made on the German public by the report from the Admiralty that a British patrol ship flying the American flag, after destroying the German submarine U-41, deliberately ran down a rowboat containing the two survivors of the submarine's crew in an endeavor to remove the only witnesses.

"Indignation is growing in Germany," says the Overseas News Agency, "and the excitement is stimulated by the fact that German submarines returning from trips report again and again that they have been attacked treacherously by hostile merchantmen."

"These cases furnish proof that the instructions given by the British Admiralty in May of last year, a copy of which was found on the steamer Woodfield, are still in full force. According to these instructions, armed trading ships are to attack submarines on sight."

KENTUCKIAN ARRESTED ON MURDER CHARGE AFTER WIFE IS FOUND DEAD

Louisville, Ky., November 12.—Mrs. Susan Kennedy, 45 years old, was found dead in her bed, with her skull crushed, early this morning when neighbors responded to frantic calls of Robert Kennedy, 45, her husband.

The woman had been dead for hours. There is only one bed at the Kennedy home and this had been occupied by Kennedy, his wife and their six-year-old son, John. Kennedy is in jail, charged with the murder. He claims he is innocent.

Kennedy told the police he and his son retired together last night. Both slept soundly and they heard no noises during the night. When Kennedy awoke he tried to arouse his wife. When she failed to respond he found her dead. He ran to neighbors crying that his wife had been killed. The boy's story corroborates his father's.

When the bride's mother cries at the wedding, the groom begins to realize how a sheep thief must feel when caught at his miserable crime.

Another definition of love is that it is a strange mental condition which makes a woman prefer one man's ravings to another's flattery.

Nothing amuses a man more than a woman's method of shopping. And probably the converse holds good.

71 PAPERS FOR WHEAT EMBARGO; 54 AGAINST

Columbus, Ohio, November 12—Of 175 newspapers throughout the United States which participated in a poll conducted by the National Association of Master Bakers to determine public sentiment on the question of an embargo on wheat, seventy-four have expressed themselves in favor of such an embargo or as inclined to such views where no editorial stand has been taken on the subject, according to a report made public here tonight. Fifty-four expressed themselves as definitely opposed to an embargo. The remaining papers did not answer in full the questions asked and the information sought was not given.

The sentiment in favor of the embargo seems to be developed most largely in the Northern states, while the Southern states appear to be against it. Several of the Southern editors expressed themselves as regarding an embargo or export tax as a war measure.

Answering a question as to the sentiment of their communities in regard to the project forty-four papers reported their communities as in favor and nineteen against the measure.

The detailed result of the poll, it is contemplated, will be placed before President Wilson and the Departments of Agriculture and Commerce within the month.

The Master Bakers' Association announced that the poll was taken in furtherance of an effort to conserve American crops to secure lower prices of flour in this country.

TEDDY GROOMED FOR BIG BATTLE 4 YEARS HENCE

Washington, November 12—That the Republicans will try to do a little housecleaning soon is the general opinion here, where politicians foregather and where interest in the political trend is greater, perhaps, than in any other part in the United States.

The editorial of that seasoned conservative veteran, General Harrison Gray Otis of California, in which he read the riot act to Governor Hiram Johnson and made him the target for a charge of party treachery and the Governor's hot reply are subjects of interesting debate here and reflect the general situation.

From the region west of the Mississippi comes the demand that the Republicans must go west of the "Father of Waters" for the next standard bearer. According to some politicians, this might mean a quiet bid for Johnson; it might mean Senator Borah of Idaho. These men say the center of political influence has shifted west of the Mississippi and that Governor and Senator-elect Johnson will figure in the calculations for the head of the national ticket four years from now.

But first and most conspicuous in the discussion is the demand that Colonel Roosevelt should be called from his announced retirement into the shades of grandfathers and domesticity, and if most of the conversation heard in Republican circles just now is to be credited as passingly fair prophecy the Colonel will make the next nomination or accept it.

There is the way one politician puts it: "If Roosevelt is alive the ticket will be 'Roosevelt and Johnson,' referring to 1920, which is four years ahead. 'If the Colonel for any reason can not be named, then look out for Hiram Johnson.'"

HUNDRED PERSONS SLAIN BY MEXICAN BANDITS

Laredo, Texas, November 12—An indiscriminate massacre of nearly 100 women, children and Carranza soldiers who were traveling on a train near Contreras, State of Morelos, which was attacked by Zapata followers, is reported in a Mexico City newspaper received here today. After the attack on the train the dead lay in piles beside the cars, the papers state.

Only one person, so far as known, escaped death at the hands of the bandits. He was Captain Antonio Priego.

The attack took place November 7. The passenger train, conveyed by a military train eight kilometers in advance, was halted in mountain wilderness after the military train had been allowed to pass unmolested.

For fifteen minutes the Zapatistas kept up the slaughter, slaying men and women who prayed for mercy, and killing the babies who accompanied their mothers, the papers declare.

Soldiers aboard the passenger train were without their accoutrements and unable to offer any resistance. Among the list of dead given in the Mexico City papers is the name of Colonel Carlos Alfaro, two Majors and three Captains.

When a relief train reached the scene of the attack several hours after it took place the Zapatistas had scattered into the hills. They had looted the express car and its valuables before departing.

SENATOR JAMES IN DEMAND

Washington, D. C., November 12—Senator Ollie James was bombarded today with telegrams and special delivery letters urging him to be present at Democratic jubilees to be held at various places in Kentucky tomorrow night to celebrate the Democratic election returns. The Senator expressed regret that public business will make it impossible for him to return to Kentucky next week.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Braicher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

G. O. P. HAS LEAD IN LOWER HOUSE ON LATE RETURNS

Washington, November 12—Members of the House of Representatives in the newly elected Sixty-fifth Congress face one of the most uncertain organizational situations in the history of the government.

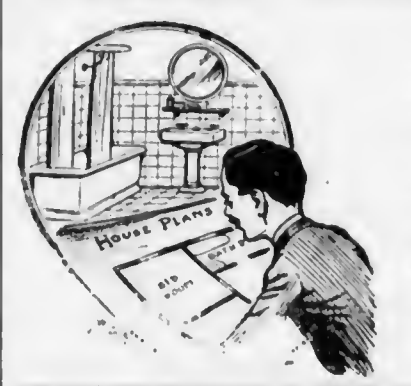

With a few districts still in doubt the Republicans appear to have a plurality of four or five members and when it is figured that an Independent elected in Massachusetts and a Progressive elected in Minnesota probably will vote with them for organizational purposes. Independence of action has characterized a number of the re-elected members on the Republican side, however, and their attitude toward Democratic legislation in the last few years has given Democratic leaders cause for hope that some of them might carry their independence into the organization of the next House.

On the face of the unofficial returns the political division of the House is so close that an effective and certain working majority does not exist. While there might be a few changes when the official returns are counted, the chances are that these would not materially alter the general result. In view of the situation, it is regarded by Democratic leaders as improbable that President Wilson will call an extra session of the new Congress next spring. In that case the organizational fight will not come until the regular session in December, 1917, which will mean maneuvering for more than a year, in the contest for Speakership of the House and the organization of important committees.

As matters stand today the candidate of the Republicans for Speaker will be James R. Mann, the present minority leader, and Speaker Clark generally is regarded as the Democratic choice to succeed himself. Already, however, there are rumblings of uncertainties because of close political division.

NEGROES FIRE ON WILSON CROWD

Paris, Ky., November 13—Saturday night while the train for Maysville was passing Henthorn two negroes on the train fired into the crowd at the depot which was yelling for Wilson, but did not hit anyone. When the train reached Paris, Conductor Frank Keith turned Lawrence Gardner and Forest Jones, of Carlisle, over to Deputy Sheriff W. G. McClintock and Policeman James Burke, who placed them in jail, where they await a trial tomorrow morning by Judge McMillan.

NO COAL IN AUGUSTA

Augusta, the metropolis of Irackon county is facing a coal famine, not a bushel of soft coal being on the market there. OPPORTUNITY

Will Be Given to Mason County People to Show Their Appreciation For the Work of the Mason County Health League When Marcus Kellerman Will Give a Concert in This City.

A week from tonight, November 21, an opportunity will be given the Mason county people to show their appreciation of the work of the Mason County Health League, when Marcus Kellerman, world's famous harpist singer, will give a recital in the Washington Opera House. All persons interested in the work of this most excellent organization should attend, thus showing that they appreciate the work of the league by giving their money to the cause.

Marcus Kellerman is no stranger to the citizens of Maysville. Appearing on the chautauqua stage in the summer of 1915 he sang his way into the hearts of Maysvillians immediately with his delightful repertoire. Kellerman is a young man and is a native American. He has sung before many of the best critics in this and the old world countries and everywhere he has been successful. His work is brilliant and can not help but please the most exacting critic.

Mr. Kellerman is accompanied only by his pianist, who will also render several piano selections. No one else accompanies the singer in his many tours across the country. He has sung before hundreds of audiences in various parts of the country and he has not failed to draw large crowds wherever he has gone.

The Mason County Health League has been very fortunate in engaging the services of Mr. Kellerman for next Tuesday. The admission charged will be one dollar and the league expects to raise a neat sum of money. This will be put in the fund to buy an automobile for the health nurse.

Every one should make plans to hear this noted singer on next Tuesday night. The cause is a worthy one and should attract a large number of persons. A great number have already purchased tickets for the evening. The tickets are on sale in a number of the leading stores of the city.

DEUTSCHLAND TAKES ON FUEL AND PROVISIONS

New London, Conn., November 13—Indications point strongly tonight to the early departure of the German submarine Deutschland for Bremen. Twenty-five tons of fuel oil arrived late today and it was pumped into the submersible's tanks, making a total supply of 125 tons. The craft was partly provisioned and merchants have orders to deliver fresh meats tomorrow. Captain Koeling visited the government submarine base and inspected charts showing tidal conditions.

James L. McGovern, collector of customs, had a long conference with officials of the Eastern Forwarding Company. He said he did not know when the submarine would leave.

Mr. McGovern was noncommittal when asked whether clearance papers had been issued. He indicated he might not make them public until after the Deutschland had sailed.

It was learned that shore leave for the crew of the Wilhelm and Deutschland was revoked tonight.

With a fog hanging over the harbor and a drizzling rain falling, marine men considered conditions favorable for a sudden dash to the sea. Rumors that the craft would leave at daybreak tomorrow morning could not be confirmed.

EIGHT-HOUR LAW

Can Not Be Agreed Upon by Railways and Men—Application of Adamson Measure Thrown in Conference; Strike Threatened Again—More Salts Filed.

New York, November 13—Danger of a nation-wide railroad strike, which was believed to have been averted by the passage of the Adamson eight-hour law, has not entirely disappeared. It developed today, when representatives of the railroads and the four brotherhoods, comprising 400,000 employees, failed to reach an agreement as to the proper application of the new law. The stumbling block, both sides admitted, was the existing mileage system of compensation.

The announcement of the latest deadlock between the railroads and their employees came at the conclusion of an all-day conference between national conference committees of the railroads and the brotherhood chiefs, which had been arranged in September.

Another Meeting Not Certain. "We met," said Elisha Lee, chairman of the railroad managers and the conference, "for the purpose of exchanging ideas on the application and operation of the Adamson law. We failed to reach an agreement and we are not certain that another meeting will take place."

William G. Lee, president of the Brotherhood of Railway Trainmen, spokesman for the employees in the absence of A. B. Garretson, of the Order of Railway Conductors, declared in a statement that in the event of evasion by the railroads of the Adamson law, summary action would be taken by the brotherhood. He said that the strike order, which was directly responsible for the law, was still in effect and the brotherhoods would not hesitate to enforce it if the occasion warranted it.

Brotherhood Asks Conference. "The brotherhood asked for this conference," said Mr. Lee. "At the morning session we discussed the application of the law and found that there was no basis upon which we could possibly agree. Another setback, besides the elimination of the mileage system, was the determination of the railroads to continue their suits to determine the constitutionality of the law."

The mileage system of compensation, the basis of which is the number of miles traversed by a train crew and not the actual hours of work, is the crux of the new problem that, a railroad authority said, may result in the development of a situation similar to the one which brought into being the Adamson law.

"Frankly," said Chairman Lee, of the conference committee, in discussing this phase of the situation, "the trouble lies in the fact that neither the railroads nor the men know definitely how the law should be applied."

A FEARLESS PHYSICIAN.

Such a physician recently remarked:—"The wonderful power of Lydia E. Pinkham's Vegetable Compound over diseases of women is not because it is a stimulant, not because it is a palliative, but simply because it contains the very elements needed to tone up the female system and strengthen the depleted organism." Of course, that is so, otherwise it could not succeed as it has.

Mr. Robert Willocks of Cincinnati is visiting his mother on Front street.
